Do we value quality of life for people with disability?Do we see the rich gifts that people with disability offer us individually and as a society?To be blunt - no, we don't, and it's time for change.Joanne Lynam is a devoted mother to three adult children. Her youngest child, Emma, was born with disabilities that could have seen her "swept under the carpet" and largely dismissed by society.However, Joanne saw Emma's potential and began to fight the myopic discrimination that overlooked Emma and other people with disabilities.The incredible result? Emma is now a young woman who lives to her potential. She runs her own business, lives in her own home (a home she is paying for herself), and is happy and fulfilled. Her visibility - and her inclusion in society - has positively affected so many lives.If you're a parent or carer, Joanne's powerful, inspiring personal story will encourage you to think outside of the box and to fight for inclusion and equality. All lives are valuable and are gifts to the world - if only we take the time to unwrap them.

The Bible is filled with accounts of angels, and Billy Graham states that there are references to angelic encounters than stories of demons. This title's heartwarming stories point readers to the God who loves them so much that He sends His messengers at critical times to protect, defend, and encourage.

The United States and many western European nations have grown by immigration. What sort of reception have immigrants been given by Christians? Are Christians today aware of the need of people suffering from war or persecution to immigrate to safe places? In earlier times immigrants were generally "like us." Now many immigrants are often Muslims, who not only dress distinctively, but practice a different religious creed as well. Many fear that terrorists will enter our country under the guise of immigrants. Christians, however, belong to another kingdom, the kingdom of Jesus the Messiah. A Christian response to the needs of refugees and immigrants should reflect their commitment to Christ more than their fears or political allegiances. Through stories of immigrants in the past and present, this book aims to show that not only is it safe to accept them, but our commitment to Christ compels us to help those less fortunate than ourselves.
