The FG knot is a relatively new braid to mono (or fluoro) knot that has proven to be stronger and thinner than all other braid to leader knots we've tested.

How To Tie The FG Knot (Fastest & Easiest Method)

The knot can be made either by tying the mono around the looped length of braid, or it can be done the other way around, with the braid being wrapped around the looped length of mono to form the knot. Either procedure is perfectly fine but the Mackellow preference is to do the latter and make the knot in the braid.

Joining Mono To Braid With The Albright Knot | Planet Sea ...

Double Double Uni Knot Tying Instructions • First double over about 12 inches of the braid, making for a 6 inch double line. • Lay the doubled line next to the end of the leader. • Form a loop with the end of the doubled braid by crossing it over itself.

How to join braided line to mono or fluoro with the Double ...

FG Knot. How to tie the FG Knot. The FG Knot is a popular leader knot with sport fishing skippers in Australia and around the world. It is very strong and once learned it is also an easy and fast method of connecting a leader to your main line. It is absolutely reliable in all classes of line and can be used with mono, braid and fluorocarbon.
