Collocations are combinations of two or more words that always go together. It's just something English speakers do naturally. If you substituted one word for a synonym it might still be grammatically correct, but would sound strange to native speakers. Some of the most common collocations are made up of verb + noun and noun + noun.

~~Words That Go Together: 20 Common Business Collocations ...~~
Business English collocations are common combinations of words used when speaking about business in English. Collocations can be understood as words that usually go together. For example, in English we do business, not make business. That business English collocation can make all the difference if you are trying to do business around the world.
