Nothing is related to time, and so the daily life becomes a life of questions with many challenges. Then the answers come! When we allow changes then we know love conquers all with many surprises. The time it takes in changing for the good is like conquering mountains! It's very exhilarating and stimulating. mentally. Plus the many times of loneliness for each of us. We all need to learn. Not all of life is negative, although being able to rest in loneliness, feeling peaceful among strife or danger or loving in spite of hatred or misconception. Puzzles become roadmaps! Trails are to climb and also come down! Everything is there to conquer and to use patience. Challenge promotes growth. We have to remember it's only when the end comes that we can relax. Getting there requires adjustments - surprises - endurance - even when questions keep coming. We can conquer all, then the life becomes triumphant and happiness and the strength to go on - and on to even better things! We feel better inside in spite of the ways of others. Please look at things in life kindly, how it affects others and how it makes others react. That is my wish and purpose.
