From the authors of the best-selling The Secrets of Happily Married Men comes the much-anticipated follow-up book The Secrets of Happily Married Women. In their first book, Dr. Haltzman and his coauthor Theresa Foy DiGeronmio outlined a recipe for men about growing a happy marriage: treat marriage with the same sense of purpose, resolve, and single-minded devotion that they have for their job. Although that workplace formula works well for men, an entirely different set of criteria resonate with women. In The Secrets of Happily Married Women, Dr. Haltzman tells us stories from real women who are happy in their relationships. These women know how to get more out of their partners by doing less, by not trying so hard to make men perfect, not dragging them to couples therapy, not expecting them to think or behave like a woman. These are women from Dr. Haltzman's clinical practice and culled from thousands of contributors to his Web site www.HappilyMarriedWomen.com. They have learned to understand how men really work and tap into men's powerful hard-wired desire to please women and "be a better man."

A bestselling, groundbreaking author investigates successful long term marriages, interviewing wives and their uncensored strategies for staying married. America's high divorce rate is well known. But little attention has been paid to the flip side: couples who creatively (sometimes clandestinely) manage to build marriages that are lasting longer than we ever thought possible. What's the secret? To find out, bestselling journalist Iris Krasnow interviewed more than 200 wives whose marriages have survived for 15 to 70 years. They are a diverse cast, yet they share one common and significant trait: They have made bold, sometimes secretive and shocking choices on how to keep their marital vows, "till death do us part," as Krasnow says, "without killing someone first." In raw, candid, titillating stories, Krasnow's cast of wise women give voice to the truth about marriage and the importance of maintaining a strong sense of self apart from the relationship. Some spend summers separately from their partners. Some make time for wine with the girls. One septuagenarian has a recurring date with an old flame from high school. In every case, the marriage operates on many tracks, giving both spouses license to pursue the question "Who am I apart from my marriage?" Krasnow's goal is to give women permission to create their own marriages at any age. Marital bliss is possible, she says, if each partner is blissful apart from the other. A fascinating window on the many faces of modern relationships, The Secret Lives of Wives brims with inspiring and daring examples of women who have it both ways: a committed marriage and personal adventures in uncharted territory. For anyone who wants to stay married and stay sane, this is the book to read!

The genius of this book is that it . . . asks politically incorrect questions about men and women at home—the neglected front in the gender wars." —New York Times "The insights in this book reveal a new and effective way for men and women to understand and appreciate each other. It shows what it really takes to create a loving and lasting relationship." —John Gray, author, Men Are from Mars, Women Are from Venus Marriage and relationships are in crisis. The breakup and divorce rate remain incredibly high, despite all the couples therapy, afternoon talk shows, and other books in the marketplace, many of which describe men as abusive commitment phobic creeps who'd better change fast or else. But this new book is totally different, a whole different way of looking at how to build a successful long-lasting relationship from a man's point of view, men who are happy in their partnerships, who have figured out what works for them in accomplishing the goal of a loving, intimate, lifetime commitment. Dr. Scott Haltzman, Clinical Assistant Professor of Psychiatry and Human Behavior at Brown University, and founder of www.secretsofmarrriedmen.com, has devised a proven method for improving relationships, based on a man's special and unique skills, strengths, powers—as a responsible and motivated worker, manager, leader, problem-solver, partner, husband, and father. Men are different, Dr. Haltzman says. They don't approach relationships with the same skills and techniques that women do—and viva la difference. Dr.Haltzman therefore lays out eight ways, tasks, proven techniques which men have revealed in confidential correspondence to his highly successful website, including The First Way: Make Your Marriage Your Job, The Second Way: Know Your Wife, The Third Way: Be Home Now, The Fourth Way: Expect Conflict and Deal With It, The Fifth Way: Learn to Listen, The Sixth Way: Aim to Please, The Seventh Way: Understand the Truth About Sex, The Eighth Way: Introduce Yourself, and finally, Celebrate Your Love. Within each of these steps, he provides both specific analysis, guidelines and techniques based on male biology, neuro-science, brain differences, unique developmental stages from youth to seniority. To illustrate these ideas in action, he's included wonderful true stories, anecdotes, and confessions from the website. The result is a practical, very entertaining, totally original way to build successful relationships for men and their partners, girlfriends, and wives. For a lasting commitment, a continuing guide to solving inevitable problems and bumps in the road, for more fun, better sex, genuine intimacy, and a life-long partnership—this dynamic new author shows t
