A 1947 collection of thirteen short stories, presented in the original Italian, written in the late nineteenth century or the early twentieth.

In this field guide to the future, esteemed Harvard University botanist Peter Del Tredici unveils the plants that will become even more dominant in urban environments under projected future environmental conditions. These plants are the most important and most common plants in cities. Learning what they are and the role they play, he writes, will help us all make cities more livable and enjoyable. With more than 1000 photos, readers can easily identify these powerful plants. Learn about the fascinating cultural history of each plant.

Steven G. Estrella offers information about the works of the American composer David Del Tredici (1937-). The information is provided as part of Dr. Estrella's Incredibly Abridged Dictionary of Composers. Del Tredici has composed chamber music, symphonies, vocal music, and other orchestral works. A list of Del Tredici's major works and a bibliography on the composer are available. Links to other related Web sites are offered.

"Second edition of illustrated field guide to wild urban plants of the northeastern United States. Includes 158 main entries plus 64 secondary species-feature descriptive information including scientific name and taxonomic authority, common names, botanical family, life form, place of origin, and identification features. Each entry is accompanied by original full-color photographs by the author which show the plants' characteristics and growth forms in their typical habitats"--

Endlessly pursued but ever elusive, Moby-Dick roams freely throughout the American imagination. A fathomless source for literary exploration, Melville's masterpiece has also inspired a stunning array of book illustrations, prints, comics, paintings, sculptures, mixed media,

Read Book Tredici

and even architectural designs. Innovative and lavishly illustrated, *Unpainted to the Last* illuminates this impressive body of work and shows how it opens up our understanding of both *Moby-Dick* and twentieth-century American art. The most continuously, frequently, and diversely illustrated of all American novels, *Moby-Dick* has attracted some remarkable book illustrators in Rockwell Kent, Boardman Robinson, Garrick Palmer, Barry Moser, and Bill Sienkiewicz, among others represented here. It has also inspired extraordinary creations by such prominent artists as Jackson Pollock, Frank Stella, Sam Francis, Benton Spruance, Leonard Baskin, Theodoros Stamos, Richard Ellis, Ralph Goings, Seymour Lipton, Walter Martin, Tony Rosenthal, Richard Serra, and Theodore Roszak. The artists reflect in equal measure the novel's realistic (plot, character, natural history) and philosophical modes, its visual and visionary dimensions. Some, like the obsessed and haunted Gilbert Wilson, claim *Moby-Dick* as their "Bible." Still others view the novel as a touchstone for feminist, multicultural, and environmentalist themes, or mock its status as a cultural icon.

DA QUESTO ROMANZO LA SERIE ORIGINALE NETFLIX "Ciao a tutti. Spero per voi che siate pronti, perché sto per raccontarvi la storia della mia vita. O meglio, come mai è finita. E se state ascoltando queste cassette è perché voi siete una delle ragioni. Non vi dirò quale nastro vi chiamerà in causa. Ma non preoccupatevi, se avete ricevuto questo bel pacco regalo, prima o poi il vostro nome salterà fuori... Ve lo prometto." Quando Clay Jensen ascolta il primo dei nastri che qualcuno ha lasciato per lui davanti alla porta di casa non può credere alle sue orecchie. La voce che gli sta parlando appartiene a Hannah, la ragazza di cui è innamorato dalla prima liceo, la stessa che si è suicidata soltanto un paio di settimane prima. Clay è sciolto, da un lato non vorrebbe avere nulla a che fare con quei nastri. Hannah è morta, e i suoi segreti dovrebbero essere sepolti con lei. Ma dall'altro il desiderio di scoprire quale ruolo ha avuto lui nella vicenda è troppo forte. Per tutta la notte, quindi, guidato dalla voce della ragazza, Clay ripercorre gli episodi che hanno segnato la sua vita e determinato, in un drammatico effetto valanga, la scelta di privarsene. Tredici motivi, tredici storie che coinvolgono Clay e alcuni dei suoi compagni di scuola e che, una volta ascoltati, sconvolgeranno per sempre le loro esistenze. Con più di due milioni e mezzo di copie vendute soltanto negli Stati Uniti, *Tredici*, romanzo d'esordio di Jay Asher, è da dieci anni uno dei libri più letti dai ragazzi americani.

C'era una volta un mondo che nasceva sul guscio di una gigantesca tartaruga cosmica. Sul suo guscio c'era un'incantata città tra i canali che esisteva solo di notte. Lì festeggiava una stirpe di deliziosi principi degli incubi, che era in grado di avverare terrori e desideri. Presso un loro ballo in maschera stregato, in una reggia di armonie cristallizzate, era custodito il loro tesoro più prezioso, una serie di tredici gioielli. In ognuna delle gemme c'era incastonata una storia. Chi avesse decifrato tutto insieme l'indovinello dei gioielli sarebbe giunto alla vera Libertà. Questa è la storia delle crudeli meraviglie, delle danze di intrighi, dei duelli, e delle erotiche seduzioni di quella grande festa. Con 26 illustrazioni di Bianca Tommasi
