Twelve-year-old Susan is shocked to find that she was switched with another baby in the hospital and that the parents who have raised her may have to give her up to her true biological parents.

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Tom Bolton's account of how Harry Ferguson and his inventions changed the world of farming forever.

The Warehouse and Toolroom Worker Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: warehouse equipment, tools and materials; filing practices; safety practices; basic arithmetic; understanding and interpreting written material; and more.

From USA TODAY best-selling author Anya Karin comes a hilarious, steamy, naughty, delicious werewolf romance! Sometimes a wolf's gotta fight and growl and bite. But Erik? He just needs a mate. Erik Danniken is the alpha of Jamesburg, a small town hidden from the world and full of shifters of all stripes. But underneath it all, he's just a muscled-up, rough-shod bad boy of a werewolf with a tattoo that goes all the way up his chest and sticks out the collar of his shirt. He's down to his last nerve, but he's willing to fight one last time... for the woman he loves. Sometimes a girl needs romance and wine and sweet kisses. But Izzy? She just needs a job. Isabel Taylor was more than a little frustrated when she answered a very vague

job ad to be the personal assistant of a mayor in a town she didn't know existed. That was two years ago. Curvy, tough and with more than a little bit of a naughty streak, Izzy has long since gotten used to the weirdness of everyday life in Jamesburg... but she's fallen hard for Erik's rough charm. Erik wants to claim her forever, marking Izzy as his honest-to-goodness mate. Izzy wants him to quit being such a coward and just come out and do it, but will a good old-fashioned small town scandal make them keep their love a secret, and in the process, kill it before it can grow? Note: The Jamesburg Shifters is a series of standalone books. Each installment has its own hero and heroine, and the stories never cross over. Each novel or novella is a complete story, complete with happy-ever-after ending. Enjoy!
